Who do we serve?

We serve youth from diverse backgrounds, focusing on rising 1st through 8th graders.

We group our students into 1st and 2nd grade, 3rd through 5th grade, and 6th through 8th grade to ensure age-appropriate activities and engagement.

We are committed to creating inclusive programs that intentionally provide opportunities for those who are often considered minorities and/or part of underserved communities.

During enhancement and enrichment time, students from all grade groups have the opportunity to interact and collaborate, fostering additional bonds, promoting leadership, and encouraging peer learning.

Focus Areas

Leadership

Our leadership sessions empower students to become compassionate leaders who foster belonging and inclusivity through respect and acknowledgment. Participants will develop skills to create opportunities for others, inspire positive change, and build inclusive spaces where everyone feels valued.

History

Our history sessions inspire students to explore the rich legacy of Historically Black Colleges and Universities (HBCUs) and their impact on culture, education, and civil rights. Through engaging activities, students will connect with stories of resilience and leadership, fostering pride and a deeper understanding of history's role in shaping the future.

Community Service

Behavior

Lemonade Locker

Shhh.. don't tell anyone what's inside this locker, but since you can keep a secret, it's full of surprises and gifts for those students who have impacted our camp with their positive behavior. Daily, students will be acknowledged in front of their peers for exceptional behavior, such as being a helper, a leader, a good friend, or for simply always having a smile on their face. The reasons are endless, but the chance at a gift must be earned!

Lemon Report

Sweetner Plan

We believe that bad moments don't make for a bad day. However, this report gives students a chance to reflect on their behavior by answering questions that help them turn lemons into lemonade just in case we run into a similar situation again. This report is in addition to the incident/mood report that will be sent to parents on the ProCare app.

My grandma always used to say, "come here and give grandma some sugar" which often meant a big hug and wet kiss on the cheek was coming my way. This plan is for students who need just a little bit more sugar. Students who are on the autism spectrum or have diverse cognitive abilities are encouraged to ask about this plan.

Fun Friday

Fun Friday is a day of freedom and relaxation, designed to let students unwind and celebrate the week's accomplishments. Whether it's an exciting field trip, an action-packed field day, or engaging at-camp festivities, Fun Friday is jam-packed with activities that bring joy, build connections, and create unforgettable memories for everyone.

Where we've been..

Skating, bowling, swimming, Holiday World, Atlanta, Marengo Cave, Museums, aquariums, golfing, jump centers, science centers, Holiday World and more!

Where should we go this year?
